Four CCPS Schools Earn Cognia STEM Certification

JONESBORO - Clayton County Public Schools (CCPS) is excited to announce that four district schools have received the prestigious Cognia STEM Certification! Babb Middle School, Mundy's Mill Middle School, Fountain Elementary School, and Michelle Obama STEM Elementary Academy have been recognized for their exemplary commitment to Science, Technology, Engineering, and Mathematics (STEM) education.

Cognia, a globally recognized organization for accreditation and continuous improvement, conducted a thorough evaluation of our schools' STEM programs, curriculum, and instructional practices. After a rigorous assessment process, we are proud to announce that all four schools successfully met the standards set forth by Cognia. This is clear evidence that these schools are dedicated to providing high-quality STEM education.

"This certification serves as a testament to the collective efforts of our exceptional educators, administrators, support staff, and students, who have worked tirelessly to foster a culture of excellence in STEM education," said Ms. Trina Reaves, CCPS Director of STEM and Innovation. "Our schools have consistently promoted critical thinking, problem-solving skills, collaboration, and innovation through hands-on experiences, preparing our students for future success in an increasingly technology-driven world."

CCPS extends congratulations to the entire staff and student body of Babb Middle School, Mundy's Mill Middle School, Fountain Elementary School, and Michelle Obama STEM Elementary Academy for this outstanding achievement.
