WELCOME BACK CCPS SCHOLARS AND STAFF

Teachers and administrators at King Elementary School, West Clayton Elementary School, North Clayton Middle School, and Morrow High School participated in several summer professional development courses in preparation for STEM and STEAM learning. The new schools are working hard to redefine what it means to be a Magnet School in CCPS. We are excited for the students at our newly appointed Magnet Schools.

PARTNERING FOR SUCCESS

The CCPS School Choice Department has coupled with several partners that will support Principals and MSAP Leads with transitioning their schools into schoolwide magnet locations.

Buck Institute for Education PBL Works, one of our trusted partners, spent time with our leaders at M.L. King Elementary for a 3-day training workshop.

Our partners have played a significant role in our achievements, and we appreciate their collaboration in the field of education. We are excited to continue serving our schools and working with each of our partners throughout the academic year of 2023-2024.

Mr. James Campbell, PBLWorks | Buck Institute

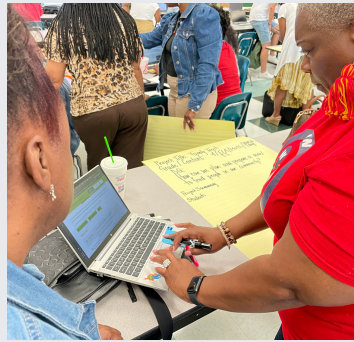

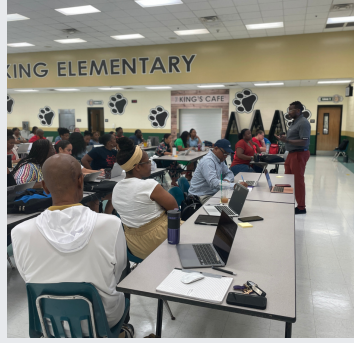

James Campbell has been an educator for over 20 years and he still finds joy in helping students and educators grow to their full potential.

FCPA

PBL Workshop for M.L. King Elementary School Leaders

PARTNERING FOR SUCCESS CONTINUED

The vision of the Buck Institutes PBL Works is to provide all students, with a special focus on marginalized groups, the opportunity to participate in high-quality Project Based Learning that will enhance their education and help them succeed in college, career, and life.

PBLWorks offers both online and in-person workshops and courses for educators who want to incorporate Project Based Learning into their teaching methods.

MLK PROFESSIONAL DEVELOPMENT DAY AT ZOO ATLANTA

The staff and faculty of M. L. King, Jr. Elementary enjoyed a day trip to Zoo Atlanta. They were tasked with a fun scavenger hunt and later received a lesson from Jessica Wackerman, the Zoo's Adult Learning and Curriculum Specialist. Teachers left feeling inspired and excited to pass on their newfound knowledge to their students.

We eagerly anticipate more connections with our partners at Zoo Atlanta to further educate our STEM and STEAM schools.

By learning, you will teach. By teaching you will learn

Magnet School Assistance Program Team

*What Do
We Do?*

Within the division of School Choice, the MSAP department strives to provide diverse opportunities that enhance student achievement and enable them to lead fulfilling lives. Every magnet program offers an advanced curriculum to all to provide diverse opportunities that enhance student achievement and enable them to lead fulfilling lives. Every magnet program offers an advanced curriculum to all students.

The initiative aims to encourage students from various economic, ethnic, and racial backgrounds to engage in classroom and extracurricular activities, while also enhancing teachers' teaching skills and promoting students' interest in STEM-related careers.

What is The Magnet School Assistance Program

The Magnet Schools Assistance Program provides grants to eligible local education agencies to establish and operate magnet schools, with special curricula, to attract a diverse group of students and desegregate public schools.

The Magnet Schools Assistance Program (MSAP) grant provided to CCPS is transforming four schools - two elementary, one middle, and one high school - from conventional education programs into whole-school magnet programs.

CCPS MSAP Schools

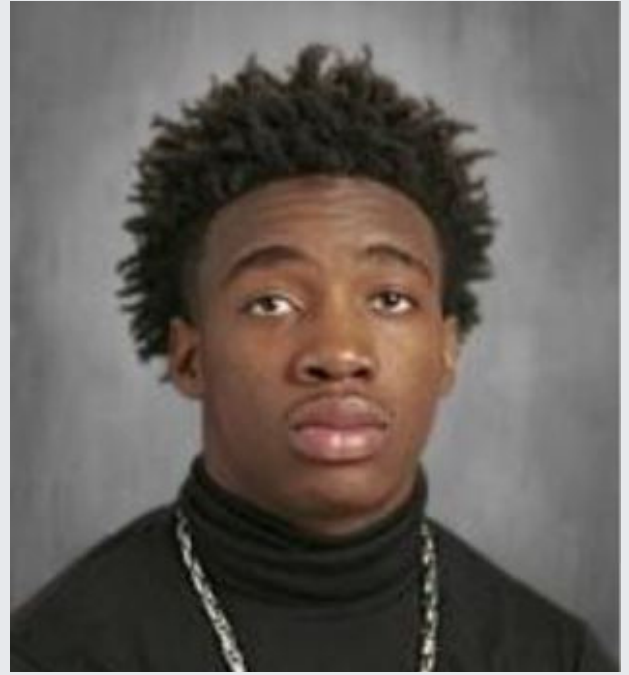

Magnet School	Magnet Theme
M.L. King, Jr. Elementary (PreK-5)	Botany and Zoology
Morrow High School (9-12)	STEM Pathways: Engineering, Aeronautical Sciences, and Pharmacy
North Clayton Middle School (6-8)	General STEM studies
West Clayton Elementary School (PreK-5)	STEAM (Science, Technology, Engineering, Arts and Mathematics)

CCPS SALUTES JHS STUDENT JUDAH WHALEY

JONESBORO HIGH SCHOOL SOPHMORE JUDAH WHALEY

JONESBORO - Clayton County Public Schools (CCPS) is proud to recognize Jonesboro High School sophomore, Mr. Judah Whaley for his accomplishments to date as a student in the district. Mr. Whaley is a member of the Georgia School Boards Association (GSBA) Youth Advisory Council and is a member of a Government Group of young people from across the state of Georgia affiliated with the State's Kid Governor, Miss Aurianna Jordan from Hawthorne Elementary School. He is an exceptional youth leader who has just completed a trip to Africa with the support of the Clayton County Public Schools Foundation, Inc.

Mr. Whaley's commitment to leadership involvement appears to be following the example of his mother, Ms. Renee Whaley who is an active member of the Advisory Council for Clayton County Board of Education District 8 representative Ms. Joy Tellis Cooper. Please join CCPS as we congratulate Mr. Judah Whaley and his family for his amazing accomplishments to date. We are eager to see what the future holds for this rising CCPS student leader.
