- **Creating opportunities for boys and young men of color**
- **Stay Inspired. Take Action for our Youth**
- **Helping more of our young people stay on track**
- **Building on what works—when it works, in those life-changing moments**

MBK is about obliterating the barriers our kids face. It's about building strong lasting bridges to opportunity for boys and girls, young men and young women, no matter what their socio-background or circumstances into which they were born. It's about investing in what works, acting with a sense of urgency, basing strategies on data and evidence, and having the courage to call-out and tear down discrimination in every system and policy where it shows up.
