Introduction

This document serves as a guide to assist charter petitioners and applicants in communicating how they will create a comprehensive education program that supports the vision of Georgia's Charter School Act and Clayton County Public School's mission and goals. The document seeks to spell out clear guidelines and expectations for drafting and submitting charter proposals and applications. The guidelines and expectations were created to accompany the Clayton County Public School's Charter School Checklist and the Georgia Department of Education Charter School Petition Checklist. ***An approved letter of intent must precede the petition for it to be considered by Clayton County Board of Education.***

Petitioners are advised to pay careful attention and follow all instructions in the application. When providing details, descriptions, or specific procedures and/or processes, be sure to provide information that ensures the response is properly addressed. **The applicant's responses need to have sufficient detail so that the reviewers can reasonably ascertain that the applicants have an in-depth knowledge of what will actually be expected from the school should the application be approved and a charter granted.**

Finally, the charter writing and review process is rigorous and should not be treated lightly. Each application/petition is reviewed and evaluated based on several factors including program innovation, a demonstrably effective curriculum and academic plan, solid financial planning, depth and breadth of community support, carefully designed accountability measures, evidence of strong academic leadership, and an effective governing board with meaningful by-laws. ***If a proposed school or school location is determined not to be in the public interest, the Clayton County Board of Education has the authority to deny the petition.***

Information in this document is subject to change to reflect state and local revisions in the laws, rules, and other statutes.

The resubmitted petition must meet the established deadline.

Notification of Completion of Application

Failure to submit a timely and complete petition will serve as a reason to deny a petition. The policies and procedures written in a petition are final if a proposal is approved. Therefore, all petitions and plans submitted should be in final form.

All requested content and supporting documentation must be included and all formatting guidelines must be followed in order for an application to be considered complete. Incomplete petitions will not be considered for school year **2021-2022**. After an initial review by CCPS Charter Review Committee, the CCPS charter liaison will send a written notification documenting whether a petition is complete. Notification may be made via e-mail and/or US postal mail.

In some cases, a petitioner may be asked to make corrections, revisions, or amendments to a petition that the CCPS Charter Review Committee has agreed to move forward for final review. Any necessary changes requested must be submitted by the established deadline.

All petitions that the Clayton County Board of Education votes to deny may be revised and resubmitted during the next cycle of charter petition review for the following school year.

Capacity Interviews

Petitioners may be asked to schedule a face-to-face interview with panel members comprised of the Charter Review Committee. The purpose of the interview is to discuss questions raised by the Charter Review Committee and to assess the petitioner's capacity to carry out successfully the plan presented in the application.

Approved Petitions Requiring Changes and Amendments

If the initial charter petition is approved by the Clayton County Board of Education and has been submitted to the Georgia Board of Education for approval or has been approved by the Georgia Board of Education, the petitioner may request changes/amendments to the initial petition. Visit www.doek.k12.ga.us to get additional information about Charter School Amendments and Instructions.

New Charter School Application

**For Schools Seeking Initial
Approval from Both a
Local Board of Education and
the
State Board of Education**

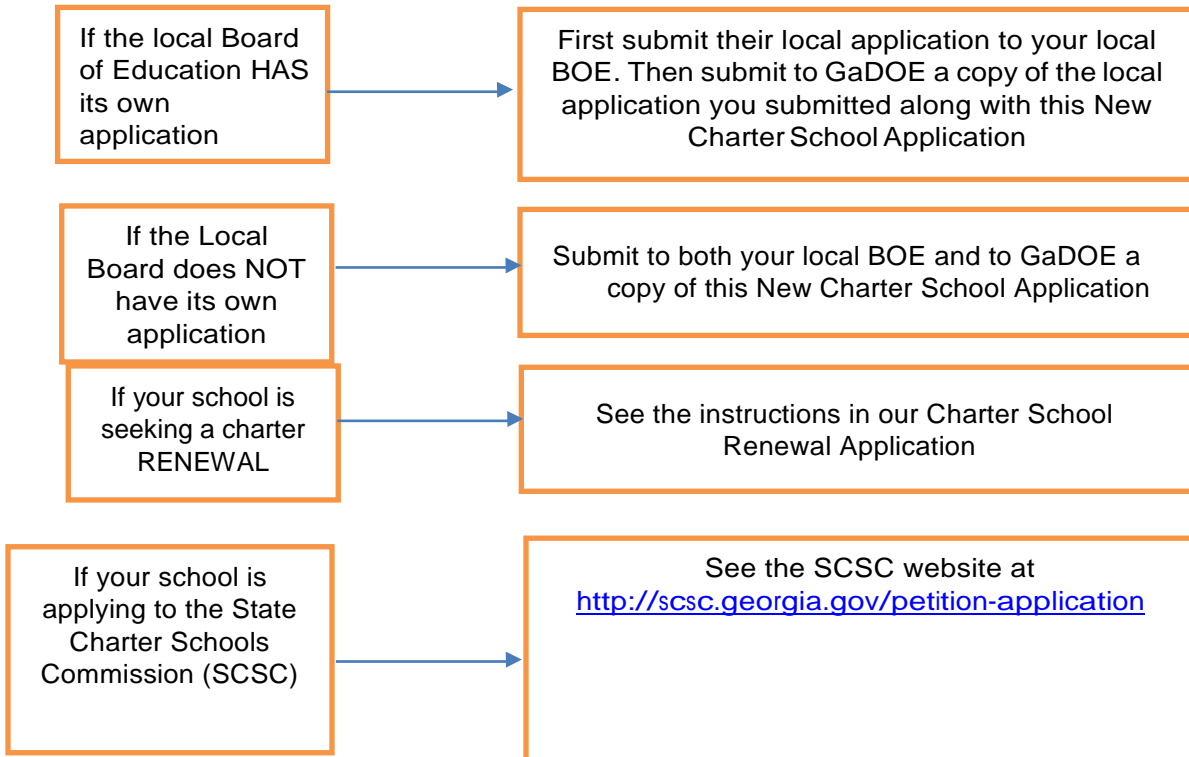

July 2016

SCHOOL NAME

SCHOOL CONTACT ADDRESS

HOW DO I KNOW WHICH APPLICATION TO SUBMIT?

This New Charter School Application form is for schools seeking *initial* approval from both a local Board of Education (BOE) and the State Board of Education (SBOE).

Introduction

A charter school application is a legal petition to a local Board (or Boards) of Education and the State Board of Education seeking approval of a charter school contract. Please note that if your new charter school is approved by both your local Board(s) of Education and the State Board of Education, it would be called a locally-approved charter school.

There are two types of locally-approved charter schools – start-up charter schools and conversion charter schools. This New Charter School Application is for both start-ups and conversions.

- A start-up charter school is a brand new school that did not exist before.
- A conversion charter school is an existing public school that becomes a charter school.

The evaluation of your application will focus on whether implementing the proposals in your petition will lead to the academic, organizational, and financial performance you are promising in exchange for broad flexibility from Georgia's education rule and laws. The evaluation will also determine whether:

- The proposed charter school will comply with all applicable laws, rules, regulations, policies, and procedures (including the Charter Schools Act of 1998, as amended [O.C.G.A. §§ 20-2-2060 through 20-2-2071] and State Board of Education Rule 160-4-9-.04 et seq.);
- The academic, organizational, and financial plans are viable; and
- The charter school is in the public interest.

Applicants are strongly encouraged to review all resources available on the GaDOE's Charter Schools Division website prior to drafting and submitting a new charter school application

(<http://www.gadoe.org/External-Affairs-and-Policy/Charter-Schools/Pages/default.aspx>), including:

- the standard charter contract template, which is what the State Board of Education will approve; and
- the standard pre-opening checklist, which will be incorporated into the charter contracts for all new charter schools approved by the State Board of Education for the 2016-2017 school year or later.

Please note that charter terms or phrases used in this application are defined in State Board Rule 160-4-9-.04.

Georgia has a commitment to ensuring all children receive quality educational opportunities. For this reason, we prioritize approving schools that focus on serving at risk populations, including students who are economically disadvantaged and/or live in rural communities.

State Deadline and Submission Procedures

Before the State Board of Education can approve a charter contract for your new locally-approved charter school, your charter application first must be approved by your local Board of Education in accordance with the rules and regulations of that local board. To facilitate the state's review of your locally-approved application, you must submit to GaDOE an exact copy of the application you submit to your local BOE.

GaDOE will review the charter school petition you submitted locally at the same time that your local BOE is reviewing it. If you agree to make changes to your application to obtain local BOE approval, you must also submit to GaDOE a copy of the final version of the application that your local BOE approved. The final version of your locally-approved application is the one GaDOE will share with the State Board of Education when recommending approval or denial of your initial charter contract.

A successful application approval process includes (1) your local BOE's review and approval, (2) GaDOE's review, (3) a panel interview at GaDOE, (4) a recommendation from GaDOE's Charter Schools Division for State Board of Education approval, and (5) SBOE approval.

Please note that, while GaDOE does not have an application deadline, applications are processed and interviews are scheduled by GaDOE on a first-come, first-served basis. This means that you must submit your application early enough to obtain SBOE approval at least 6 months in advance of your planned school opening. Since it can take up to 4 months to move through the various review processes, please plan accordingly. Submitting to GaDOE your locally-approved application one year in advance of your planned opening date will provide plenty of time to obtain approval.

Please also note that filing a charter school application does not guarantee that a charter contract will be granted. Failure of an applicant to adhere to any requirement may yield a defective application that is rejected before consideration. In addition, complete applications that are not strong enough to guarantee a successful charter school implementation will be recommended for denial.

Submission to GaDOE of the initial application you submitted to your local BOE and, later, of the final version of your application approved by your local BOE, must be by mail, UPS/FedEx, or hand-delivered to: **Georgia Department of Education, Charter Schools Division, 2053 Twin Towers East, 205 Jesse Hill Jr. Drive, SE, Atlanta, Georgia 30334**

Please note that faxed or emailed applications will not be accepted as your formal submission. Only complete petitions that comply with these guidelines and the technical requirements below will be formally evaluated. Applications will not be returned, so please keep a copy for your records. In addition, please note that all information in applications submitted to GaDOE are subject to the Georgia Open Records Act.

FACILITIES

A charter school's facility is a significant part of implementation. Without a proper facility, the charter school will not be viable. Best practice states that a school's facility costs should not exceed 15% of its total expenditures. In addition, please be aware that all facilities must be

approved by the Department's Facilities Services Unit – more information regarding this step can be found on the GaDOE website: [Facilities Process Webinar](#). For this reason, it is imperative that the charter school does not commit to a facility before it has been approved. We encourage new schools that are planning construction or major renovations prior to student admission to consider a planning year to safely complete the construction process. We also strongly encourage obtaining Memorandums of Understanding (MOU) for at least two facility options while charter and facility approval is pending.

1. Page ____ Describe the school facility that the charter school proposes to use. Include in your description:

- The location of the facility;
- Whether the facility is new or existing; and
- Whether the facility requires any renovations for utilizing the space for educational purposes. If yes, describe the extent of the renovations and the source of funding to pay for the renovations.

2. Does the charter school have an MOU for the purchase or lease of the facility, pending charter and facility approval?

- ____ Yes, we have a MOU and it is provided as Exhibit 19.*
- ____ No, we do not have a MOU.

**Note: The MOU should include the total proposed facility cost. It should also set forth any material terms that will be reflected in a lease, such as the lease term.*

3. Does the charter school have a lease for an approved facility?

- ____ Yes, we have a lease and it is provided as Exhibit 19.
- ____ No, we do not have a lease, but plan to submit one to the Department by ____ (date).

4. Does the charter school have a Certificate of Occupancy (CO) for the proposed facility?

- ____ Yes, we have a CO and it is provided as Exhibit 20.
- ____ No, we do not have a CO, but plan to submit one to the Department by ____ (date).*

**Note: Schools must obtain a CO no later than 45 days before the start of the charter term on July 1.*

5. Does the charter school have an emergency safety plan pursuant to O.C.G.A. § 20-2-1185 for the proposed facility?

- ____ Yes, we have an emergency safety plan and it is provided as Exhibit 21.
- ____ No, we do not have an emergency safety plan, but plan to submit one to the Georgia Emergency Management Agency by ____ (date).*

**Note: Schools must submit an emergency safety plan no later than 45 days before the start of the charter term on July 1.*
