Celebrate TODAY, Own TOMORROW!

CTAE Month is a celebration of the achievements and accomplishments of Career, Technical & Agricultural Education (CTAE) within Clayton County Public Schools. Middle schools and high schools will have career days, guest speakers, announcements, presentations, events, visioning trips and other activities to advocate and increase awareness of CTAE programs.

Join us for CTAE Month and stop by any CTAE classroom to find out more about Career, Technical & Agricultural Education programs.

Leading the Talent Pipeline for Careers
