

An aerial photograph showing a large-scale construction project in progress. The central area is a vast, cleared plot of reddish-brown earth, with numerous tracks from heavy machinery visible. Several pieces of construction equipment, including excavators and trucks, are scattered across the site. To the left, a small pond is visible. The surrounding landscape is a mix of dense green trees and residential neighborhoods with houses and streets. A road runs along the bottom edge of the construction area.

MARCH 2020

aerial

An aerial photograph showing a large, irregularly shaped cleared area of reddish-brown earth, likely a construction site. The site is surrounded by dense green trees and a residential neighborhood with houses and a parking lot. In the background, a large mountain is visible under a clear sky. A green rectangular box with a dark border is overlaid on the lower-left portion of the image, containing the text "MARCH 2020".

MARCH 2020

An aerial photograph showing a large-scale construction project in progress. The foreground and middle ground are dominated by a vast, cleared area of reddish-brown earth, with visible tire tracks and some construction equipment. In the background, a modern, low-rise building with a white roof and large windows is situated on a green lawn. The surrounding landscape is a mix of dense green trees and residential neighborhoods with houses and streets. The sky is blue with scattered white clouds.
