CCPS SummerT.I.M.E. Programs STEM Camps and Advanced for All Prep Programs

JONESBORO – Clayton County Public Schools (CCPS) is proud to offer again **SummerT.I.M.E.** (Thrive, Inspire, Motivate, and Engage); an enrichment opportunity to encourage students to learn beyond the classroom. SummerT.I.M.E. is a series of summer learning experiences designed to allow students the opportunity to participate in positive learning and engage in various fun-filled Science, Technology, Engineering, and Math (STEM) activities. These experiences will provide students in grades K-11 engaging learning sessions to develop skills employers and colleges are currently looking for in STEM literate individuals such as creativity, critical thinking, collaboration, communication, innovation, and systematic problem-solving.

Clayton County Public Schools (CCPS) is continuing to monitor national and local reports regarding the spread of Coronavirus Disease (COVID-19). As a precaution, CCPS suspended all face-to-face summer learning programs that were scheduled for the month of June 2020. The STEM Camps and Advanced Learning for All Programs will occur virtually in July 2020. Decisions were guided by Clayton County of Board of Health and other entities.

CCPS will accept all students (Grades 6 and 9) who are registered for the Advanced Learning Prep Program; however, for the STEM camps, CCPS will use a lottery system for selecting students to participate. Starting mid-June 2020, applicants will receive an update on their application. Please email questions related to SummerT.I.M.E. to summerlearninginfo@clayton.k12.ga.us.

Please note: STEMulating Reading Camp **will not** be offered.

Please note: STEM Internships, STEMulating Financial Independence and Entrepreneurship: Understanding Financial Literacy, and STEM Scoop – Journalism **will not** be offered.
