

CLAYTON COUNTY PUBLIC SCHOOLS CURRICULUM & INSTRUCTION DEPARTMENT

THE 5 Ps FOR A SUCCESSFUL START!

01

PURPOSE

Ensure your child understands how learning daily at school will prepare him/her for life. Have your child display his/her personal goals for the school year.

02

PRESENT

Ensure your child is present every day and has the necessary supplies and resources.

Examples include:

a charged Chromebook, paper and writing utensils, textbooks and instructional resources, and homework agenda or planner

03

PLACE

Designate a place at home for studying, completing homework, and reading for at least 20 minutes each day.

- Ensure that your child is organized and takes notes at school that he/she can reference when studying or completing homework.

04

PARTNERSHIP

Stay in the loop! Download the Edulog Parent Portal App. Ensure that your contact information is up to date and that you have access to the Infinite Campus Parent Portal. Check it regularly.

05

PROGRESS
MONITORING

Monitor your child's completion of assignments and his/her grades and attendance.

• Questions to pose to your child:

- * What are you currently learning? In what areas are you doing well, and what areas are challenging for you? What resources are available to help you?
